

PROJECT 1

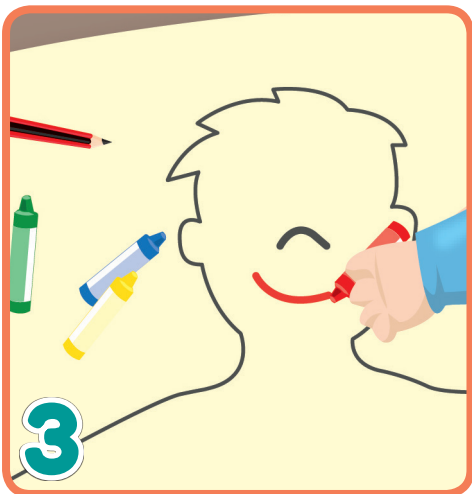

# PROJECTS

# BODY TRACING!

1 - Make a body tracing portrait.

1. Lie down on the paper.
2. Have a classmate trace your body with a dark marker.
3. Draw parts of your body, such as eyes, nose, mouth, legs, arms. Colour them.
4. Describe your portrait.

## MATERIALS

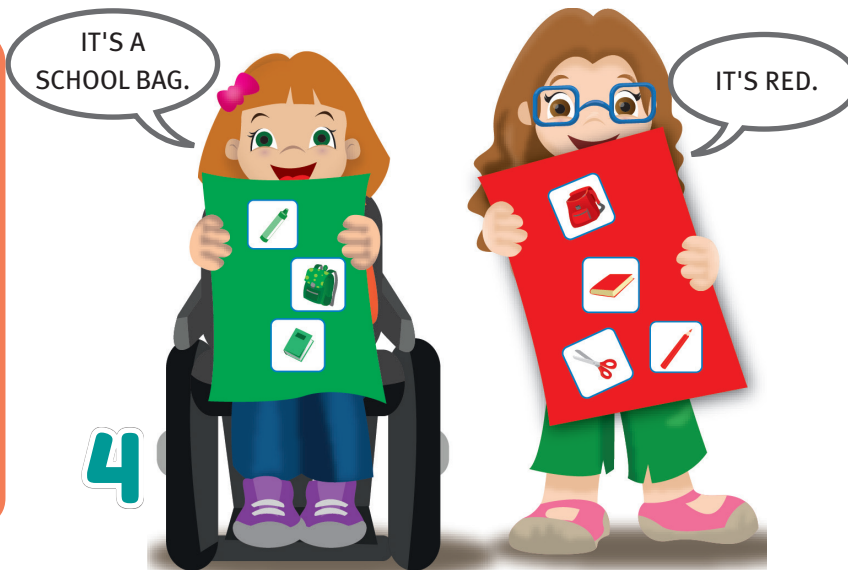

# SORT THE SCHOOL OBJECTS!

1 - Sort and enjoy.

1. Place an assortment of red, yellow, blue and green school object pictures on the floor or on the table.
2. Place a sheet of red, blue, yellow and green construction paper on the floor or on the table.
3. Have SS sort the school object pictures according to their colours on the different sheets of construction paper.
4. Have SS share the activity with the rest of the group.

## MATERIALS

# HANDPRINT FAMILY PORTRAIT!

1 - Make a handprint family portrait.

1. Invite your family to the class.
2. Along with your family, stamp handprints on the white paper, building a family portrait.
3. Then, write names below the handprints, such as: Ana (mother), Pedro (grandfather).
4. Share the handprint family poster with your class.

## MATERIALS

# MY HEALTHY BODY!

1 - Make a healthy body picture.

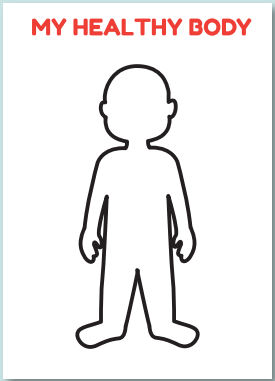

1. Look at the picture display on the board.
2. Colour and cut different food items.
3. Glue the healthy food items on the poster.
4. Go to the front and describe what food items you like.

**Remember!**  
It's important to eat fruits and vegetables, and drink water to have a healthy body.

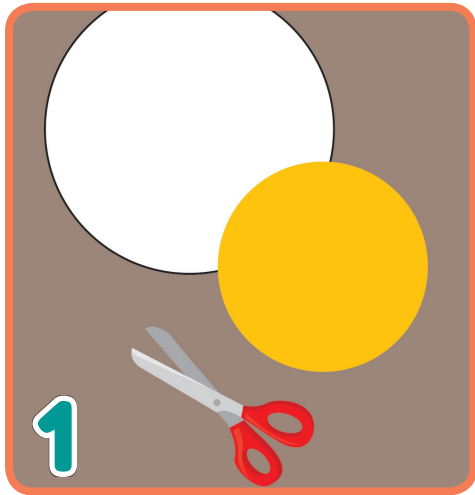

## MATERIALS

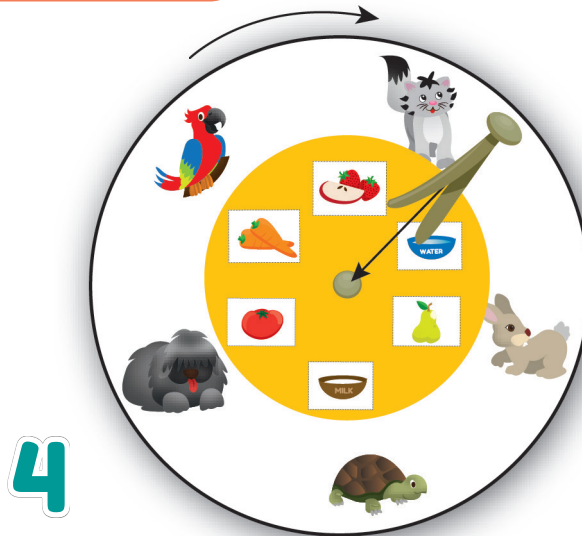

# PETS AND THEIR FOODS!

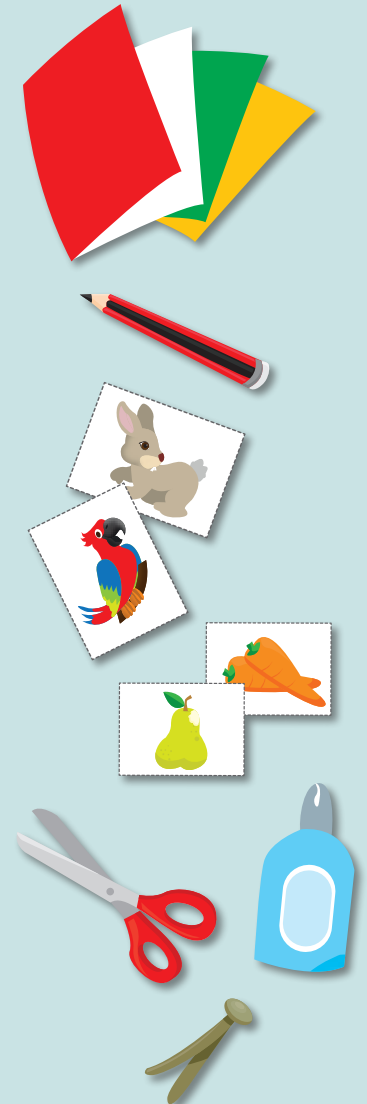

1 - Make a wheel of pets and their food.

1. Draw and cut out a big wheel. Then draw and cut a smaller wheel.
2. Cut out the pictures of the pets and glue them on the big wheel.
3. Cut the pictures of different foods and drinks and glue them on the small wheel.
4. Join the two wheels with a paper fastener. Turn the top wheel and describe what the animals eat or drink.

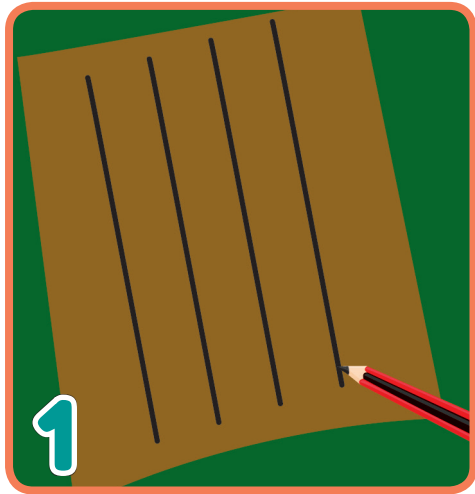

## MATERIALS

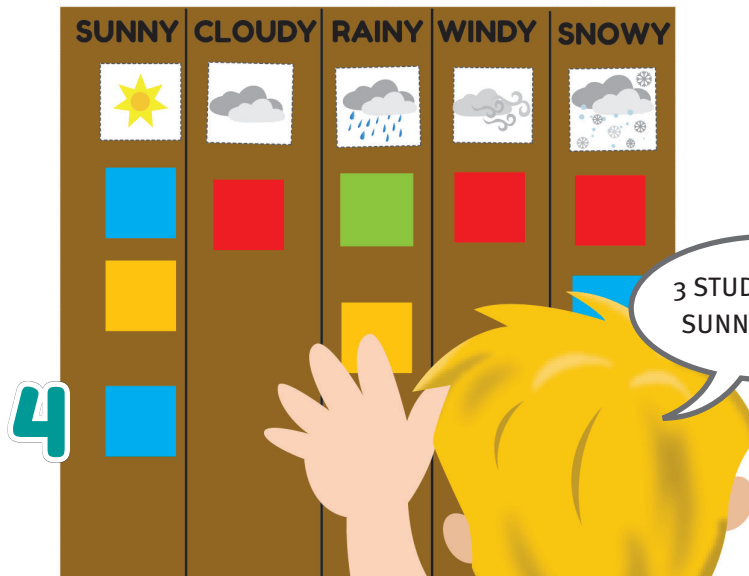

# WEATHER TIME!

1 - Choose your favourite weather.

1. For the English Teacher: Draw five columns on a large piece of lightweight cardboard.
2. Write a weather word (sunny, cloudy, rainy, windy, snowy) in each column and glue the corresponding pictogram below each word.
3. Cut coloured construction paper into squares (1 per student).
4. SS glue their squares in the correct column according to their favourite type of weather. Then, they count the squares and report to the class.

## MATERIALS

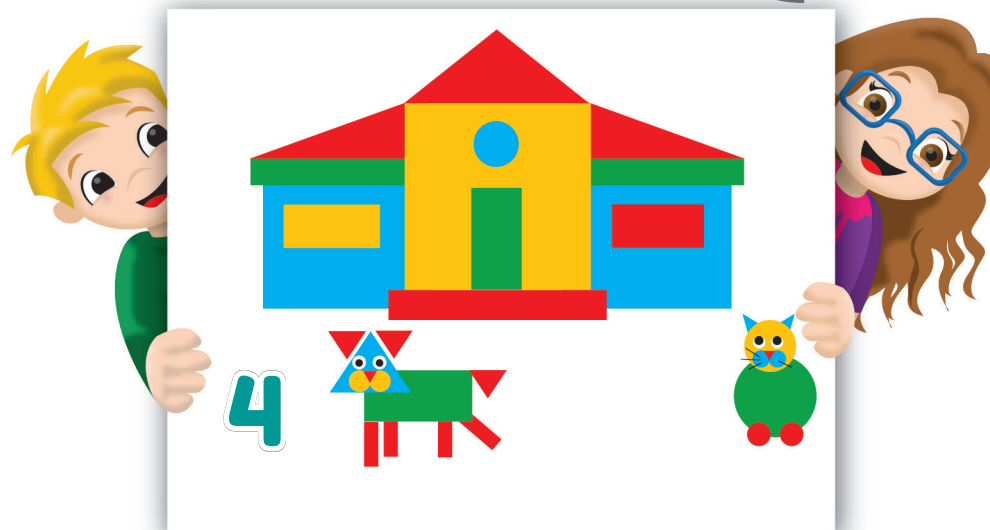

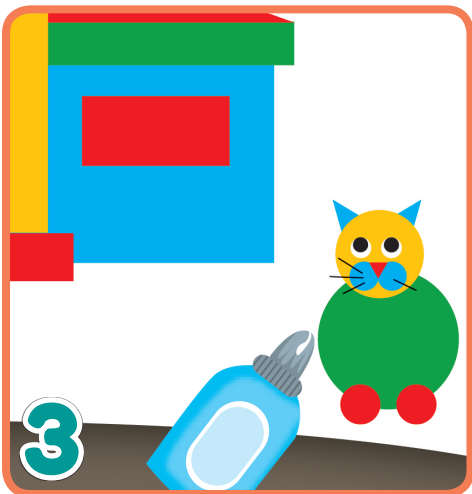

# SHAPE COLLAGE!

1 - Build your favourite school with shapes.

1. Bring different coloured shapes.
2. Build up your school with the shapes and glue them on white paper.
3. Make pets using shapes. Then glue the pet shapes near the school.
4. Stick your poster on the classroom walls, and say:

THIS IS MY SCHOOL.  
I LOVE IT, I TAKE CARE  
OF IT!
